

Be creative. Be original.

Join in the celebration of 30 years of a proud tradition.

We invite you to create a rendition of “30” in whatever medium and whatever form of self-expression you choose...it can be literal or not...it can include numbers, text, figures...you decide! With the various mediums that all of the artists work in, we look forward to seeing every type of medium in this project.

We will utilize these “30s” in a number of ways:

- Web Site
- ArtWalk magazine
- Newsletters
- Advertising
- TV Promo Spots
- We are working on some off-site installations...there should be a few additional surprises to be announced.
- Depending on the response we may feature an exhibit of them at ArtWalk.

The Rules:

Please submit a hi-resolution file of your “30” rendition by December 31, 2013 to michelle@artwalksandieog.org.

Artists’ names will be used in conjunction with any materials generated by ArtWalk. We will make every attempt to make sure artists are also properly credited in any publications or broadcasts (however we must make a disclaimer for these outlets, as we have experienced typos and such in the past.)

ArtWalk requires that we get your consent to use these images in ways we deem to be advantageous to the marketing of the event. We’ll send you a “release” form to return to us with your image.

ArtWalk cannot guarantee that all submitted images will be used but it is our intent to utilize them in some way.

If we create an exhibit of these pieces at the festival, we’ll include information on how to find you so that interested buyers can connect with you.
